Senthazhal Ravi

Mr. Senthazhal Ravi
Pepper Programming
10316 stockholm,
Sweden

Dear Mr. Senthazhal Ravi,

I am writing to express my strong interest in the Front End Developer position at PP STROM. With a bachelor's degree in [field] and proficiency in Python, HTML, CSS, Java, and JavaScript, I possess a solid foundation in web development. My problem-solving skills, honed through data structures and algorithms, enable me to create efficient, user-friendly web applications. I also bring experience in front-end frameworks, full-stack development, and API creation, aligning well with the role's requirements.

During my internship at VORTEX ENGINEERING, I worked on machine learning projects and collaborated on Windchill initiatives, emphasizing teamwork and adaptability. Additionally, I've completed the EV Design for Mechanical Engineers certification and contributed to innovative projects at the Government College of Engineering. I'm excited about the opportunity to contribute to PP STROM's development and accessibility goals.

Sincerely,

MOHAMED IMRAN KHAN
